Budget from Westcott.

A number of Westcott's skating enthusiasts journeyed east to a slough at Amos Weber's for the first skate of the season. Ice was only fair. Everybody look for a good large sheet of ice for this week-end.

Mr. and Mrs. Murphy and family, Fitz Krueger and Mildred Levagood and C. R. Ford spent Sunday at the home of H. D. Brown.

The Club was only fairly well attended on Friday night on account of cold weather. A good program had been prepared, and those who braved the cold felt repaid. An admission will be charged at the next meeting. The admission not to be cash, but a list of suggestions for our programs for the coming season. A prize will be given for the best list of suggestions. The next meeting will be on December 17. The school is preparing part of the program.

Mr. and Mrs. H. O. Levagood and Joyce spent Sunday afternoon at I. Levagood's.

Mr. and Mrs. Wilson spent Sunday afternoon with M. and Mrs. Robertson.

Miss Ruby Klinck spent the week-end with Westcott friends.

Burnside.

Monday evening, January 13th, will be the annual meeting of Burnside U.F.A. Short program is being prepared and lunch will be served after the business is concluded. It is hoped there will be a good attendance as there is some important business to be attended to. Everybody welcome, ladies please bring lunch.

Mr. and Mrs. John Topley and family left Tuesday for Moruen, Manitoba, to attend the golden wedding of the former's father and mother on December 13th.

Saturday was a busy day at Lone Pine hall. No less than four meetings were held there in the afternoon and singing school at night.

The Lone Pine Women's Institute held their annual meeting on Saturday afternoon. After the regular business the following officers were elected for 1927: president, Mrs. N. A. Eckel; 1st vice president, Mrs. Joe Clark; 2nd vice-pres., Mrs. Alex Lieper; Sec.-treas., Miss Winnifred Spraggs; directors, Mrs. F. Boulton, Mrs. Bert Pross and Mrs. Hugh McLean. The first meeting of the year will be held at the home of Mrs. N. A. Eckel on Thursday, January 13th. All the ladies of the community are extended a hearty invitation to attend.

The picture show was postponed last Friday evening on account of bad weather and roads.

We extend congratulations to Mr. and Mrs. Enock Dawson on the birth of a son on Friday, October 3rd.

We are glad to hear that Mrs. Wm. McCulloch who has been on the sick list; is much improved in health.

Mr. Charlie Mardon, Jr. is attending the School of Agriculture at Olds.

Westcott's School Boundaries Changed.

Notice is hereby given in the Alberta Gazette in accordance with the provisions of The School Act, that, by order of the Minister of Education, the boundaries of the Westcott School District No. 718 of the Province of Alberta have been

The Sales Tax

Spokesmen for the various organizations throughout the country which are advocating reductions in Federal taxation, including abolition of the Income Tax, are stressing, not so much the need of reducing the burden borne by the individual taxpayer, but the necessity of encouraging investment in productive enterprises and in national works of development. Their main argument is that the Income Tax penalizes enterprise, drives people out of the country because of the levies imposed on them, and discourages investment in industrial and development works, leading people rather to invest in non-speculative bonds and securities.

If this is the chief end to be achieved through a further reduction in taxation, and if the all-important consideration is the stimulation of business and consequent greater employment of labor throughout Canada, then the Income Tax is not the only one which should be carefully examined to ascertain its effect on business and economic conditions. The Sales Tax, which imposes a five per cent Government levy on business should be inquired into as well.

The Income Tax is one which the wage earner, the man on a salary, the farmer, the manufacturer, the financial man, and those who are living on the interest from investments, cannot pass on to anyone else. They must pay to the Government on their personal incomes, and pay proportionately large or small amounts dependent upon the size of their income. In this respect it must be admitted that a properly graded tax on incomes is a fair method of taxation.

The Sales Tax, on the other hand, is, in the final analysis, paid by the ultimate consumer, and the manufacturer, the financial magnate, the investor in bonds, mortgages and other securities, only pays to the extent that he is a consumer, and despite great wealth and large income it is only possible for a man to eat so much, or wear so many clothes, just as the average wage earner or man on a salary. True, his clothing and food and furniture may cost more, but the extent of his purchases are more or less regulated by his needs.

The manufacturer of a given article fixes his selling price. To that he adds five per cent Sales Tax which he is obliged to remit to the Government. But he collects this tax money back again from the jobber, wholesaler, the merchant to whom he sells his product. The manufacturer does not pay the Sales Tax himself. In like manner the jobber, wholesaler and merchant passes it on to the ultimate consumer, all as part of the cost of the article. The consumer, therefore, pays the tax to the Government, the others being middlemen in the process of collection.

This Sales Tax, therefore, operates directly to enhance prices in Canada and, consequently, to decrease the purchasing power of the whole people. It likewise imposes additional expense upon all business concerns in the matter of bookkeeping, collection, remittance, and interest paid on outstanding moneys.

It is a self-evident proposition that the removal of the Sales Tax would result in saving to every person in the Dominion, because all are consumers, whereas the removal of the tax on incomes would only benefit a comparatively small proportion of the population, and that portion which is best able to pay.

The removal of the Sales Tax, and the consequent lowering of prices which would automatically follow, would increase the purchasing power of people, leading to larger sales, and necessarily increased production and more employment.

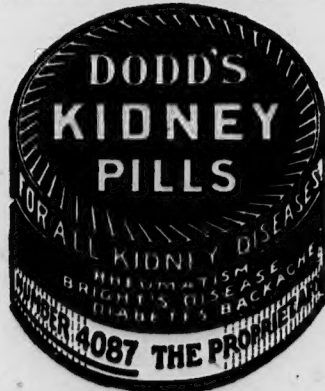

In a word, the effect of the removal of the Sales Tax would be just what the advocates of Income Tax abolition desire, namely, an added impetus to business, to production, to employment which would keep people in Canada, and to the whole all-round development of the Dominion, including the bringing of its wealth of natural resources into use through development.

On the other hand, if the Income Tax is abolished, and the Sales Tax retained, it will result in lowering the taxation imposed on accumulated and invested wealth without in the slightest degree benefiting the wage earner and man on a small salary, or that huge body of our population whose incomes are below taxable amounts, but these people will all still contribute heavily through the Sales Tax, which would continue as a drag on business expansion and national development.

If the financial requirements of the Dominion Treasury can stand it, reduce the Income Tax by all means, and, as proposed in a previous article in this column, provide for continued gradual reductions over a period of years. But if one tax is to be abolished outright and the other retained, the removal of the Sales Tax would appear to confer the greater benefit, not only on business enterprise and works of development, but on the people of Canada as a whole.

Victory Tower At Ottawa

Carillon to be Rung for First Time on Canada's Sixtieth Birthday
The Victory Tower carillon of 53 bells, to be installed in the parliament

W. N. U. 1658

buildings at Ottawa, will be rung for the first time on Canada's 60th birthday, next Dominion day. It is hoped to make arrangements for King George to personally inaugurate the peal from London. It is further proposed to make such broadcasting arrangements as will enable the carillon to be heard throughout the Empire.

Country Needed Help

A visitor at the Capitol in Washington was accompanied by his small son. The little boy watched from the gallery when the House came to order. "Why did the minister pray for all these men, pap?" he questioned. "He didn't. He looked them over and prayed for the country," was the reply.—Capper's Weekly.

Russian Cossacks As Settlers

Many Are Ready to Come to Canada If Way is Open

Joseph Okulitch, advance agent of 50,000 former Cossacks, who desire to settle on the prairies of the Canadian West, has been in conference in Winnipeg with officials of the railway companies, and land settlement agencies to ascertain the feasibility of bringing over his charges at an early date.

Fifty per cent of the Cossacks, Mr. Okulitch says, have sufficient funds and equipment to undertake active farming immediately. The remainder are farm laborers. Mr. Okulitch, who was born in Siberia, was assistant minister of food supplies in the Imperial Government.

There are 1,500 Cossacks ready to come to Canada next March, provided existing difficulties against their entry into the Dominion, are removed in time. Mr. Okulitch presented a request to the authorities in Ottawa for assistance in settling 480 families under the auspices of the Russian Agricultural Colonies Society, who are not of Cossack origin. All these people, it was pointed out, are anti-Bolsheviks.

Mr. Okulitch will inspect land throughout the prairie provinces and decide upon the location for the first group.

Sour Stomach Risings Subdued by "Nerviline"

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nerviline will surprise you. Take it in sweetened water, and almost immediately you feel better. Nerviline brings up the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When colic or cramps strike you at night, Nerviline is a sure relief. For general use in the family, for emergent ills, always keep trusty Nerviline on hand. 35c at all dealers.

Duchess Learns Photography

In preparation for her trip to Australia, the Duchess of York is taking special lessons in photography so she may bring back some personal souvenirs of her visit. Both the Duke and the Duchess are keen amateur photographers. The Duke and Duchess will sail January 8.

Always Ready and Reliable.—Practically all pains arising from inflammation can be removed with Dr. Thomas' Electric Oil. Simply rub it on the sore spot and it is quickly absorbed by the skin. Its healing power is conveyed to the inflamed tissue which is quickly soothed. This fine old remedy is also a specific for all manner of cuts, scratches, bruises and sprains. Keep a bottle handy always.

Was World-Famous Inventor of Firearms

John M. Browning Dies While Working on New Shotgun

John M. Browning, world famous inventor of firearms, is dead in Belgium. Browning went to Liege, Belgium, to perfect his latest invention, an "over and under" double-barrelled shotgun and the message telling of his death came from Liege. The new gun had one barrel above the other instead of horizontal barrels. It was to be manufactured in the Liege plant. It was this plant which in 1913 manufactured the millionth Browning automatic pistol. In honor of this achievement King Albert conferred upon Browning the title of Chevalier of the Order of Leopold.

Claims New Method Of Making Steel

Germany Has Produced Metal Without Impurities and Defects

Discovery is claimed of a new steel-making process which yields a harder and at the same time more elastic metal than any made by existing methods.

The discovery, made in the laboratories of the German Dye Trust, is said to have resulted in the production of steel of the finest quality with none of the impurities and defects now unavoidable in the smelting process.

It is said the steel thus produced is cheaper to manufacture, and it is hoped that the new invention will place the German industry in a dominant position in the international market.

The easiest road to wealth is to have a rich relative die and leave you a fortune.

SEEN THE NEW TIFFANY BREAD WRAP?

Write for Samples and Prices Today

The lace design in the wax is the feature which makes this wrapper so distinctive. The lace design hides folds and creases in the paper and maintains a fresh appearance even after much handling. The cost of the wrapper is trifling compared with its advertising value, and the suggestion of quality and distinction it creates in the mind of the purchaser. Remember 95 per cent of a baker's customers are women, and the lace effect of a Tiffany Bread-wrap is attractive to a woman's eye.

Four Vacancies In Senate

Deaths Occur of Two Senators in Ontario and Two in Quebec

Two senatorial vacancies occurred recently through the deaths of Senator George McHugh Lindsay, and Senator Richard Blain, Brampton. Both senators were representatives of Ontario in the Upper Chamber. The late Senator McHugh was a Liberal, while Senator Blain was a Conservative.

Four vacancies now exist in the red chamber. The other two are for the province of Quebec, brought about by the death this year of Senators H. L. David and Alfred Thibodeau.

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

Will Be Translated

Tourists Soon Able to Read Message on Cleopatra's Needle

Cleopatra's Needle on the Thames embankment will soon give to the world in English the message engraved on its four sides 3300 years ago. Policemen, who have been nagged for years by curious tourists who wanted to know what it was all about have been instrumental in a movement to have the hieroglyphics translated so they may be read by all.

Even the pessimist might enjoy the good things he has if he wasn't kept so busy grumbling about the disagreeable things he expects.

Newspaper Directory

A Valuable Book for the Sales or Advertising Manager

It is worth while for any sales manager who controls advertising to have a record of all publications in Canada with information as to date of issue, size, price and cost of advertising space. This information is contained, as well as much other statistical matter, in the 11th edition of the Desbarats All Canada Newspaper Directory just off the press. It certainly is useful for any Sales or Advertising Manager.

The Publishers—The Desbarats Advertising Agency, Montreal and Toronto, are offering a limited number of this 352 page book to advertisers, post paid on receipt of \$1.00. The regular price is \$5.00. Requests should be addressed on business stationery to the publishers, 161 Beaver Hall Hill, Montreal.

Miller's Worm Powders will not only expel worms from the system but will induce healthful conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, which are very effective.

The Jordan Valley, more than a thousand feet below sea level, is one of the lowest spots on the earth's surface. The fish and vegetation there are characteristic not of Asia but of Africa.

WARNING! Beware of Counterfeits

There is only one genuine "ASPIRIN" tablet. If a tablet is offered as "ASPIRIN" and is not stamped with the "Bayer Cross"—refuse it with contempt—it is not "ASPIRIN" at all! Don't take chances!

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic acid ester of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FERGUSON WINS IN ONTARIO ON LIQUOR POLICY

Toronto.—The Ferguson Government has emerged from the provincial elections with a clear majority of 24 over all opposition.

Every cabinet minister was elected with the exception only of Hon. David Jamieson, Minister without Portfolio, taken into the cabinet at dissolution who was defeated in Grey South by a 22-year-old farmer, Farquhar Oliver, nephew of Hon. John Oliver, premier of British Columbia. In his home constituency of Grenville, Premier Ferguson was elected by the handsome majority of 1,384, though this was surpassed by the 2,313 majority of the Liberal leader, Mr. Sinclair, in Ontario South. Mr. Raney, the Progressive leader, had a hard fight in Prince Edward County, but finally won by 44 majority.

An outstanding feature of the election was the defeat in Kingston by over 2,000 majority of Hon. W. F. Nickle, attorney-general in the late government, who parted with Mr. Ferguson on his government policy and ran as a Prohibition candidate.

The verdict of the larger urban centres was solidly in favor of government control, rather unexpectedly the entire Toronto representation lining up on that side, as did the three Ottawa seats, the three Hamilton seats, the two London seats and two Windsor seats.

It is anticipated Premier Ferguson will shortly issue a statement forecasting the early calling together of the newly elected legislature for the purpose of giving effect to his proposals for the government control of liquor, details of which have not yet been determined, and on which he has announced he desires to take the collective judgment of the House.

Italy Must Control Temper

France Does Not Take Kindly to Attacks on Legations

Paris.—Italy has the right to show her temper, but not often nor too much, Foreign Minister Briand told the chamber of deputies. At the same time he gently warned that France does not take kindly to attacks on her legations in foreign countries, such as recently occurred in the border town of Ventimiglia after the recent attempted assassination of Premier Mussolini.

Most of the foreign minister's discussion dealt with French relations with Germany. Discussing an eventual understanding with Germany, he said that only a real settlement of differences, so that they would stay settled, would make for permanent peace.

"Grave differences with Germany still exist," he said, "but at least we are talking with Dr. Stresemann (the German foreign minister) and every day marks progress."

Given Trip Around World

Wealthy Californian Rewards Two Hotel Employees for Courtesy

Honolulu.—Because they were generous with their smiles and extended courteous treatment to a traveller, Ernest Ching and Harry Nolan, employees of a Waikiki beach hotel, have departed on a trip around the world. The traveller, Charles D. Clinch, wealthy Californian, took a fancy to the boys when they greeted him on his first trip to Honolulu.

Good Year for U. G. G.

Calgary.—Reports submitted to the twelfth annual meeting of the United Grain Growers Limited, in Calgary, stated that the past year's results had been the best in the history of the company, the net earnings, subject to taxation, being \$676,378.35. This was due to the large handling of grain through the company's elevators.

Manitoba Lithium Ore

Winnipeg.—With \$1,000,000 worth of lithium ore blocked out in the Point du Bois area on the Winnipeg river, about 80 miles north east of Winnipeg, the Silver Leaf Mining Syndicate (Canada) Limited, will start regular shipments to Bradford, England, this winter, according to T. P. Ballam, secretary of the company.

Crisis In France Over Unemployment

Rapid Recovery of French Forces Industries to Curtail

Paris.—Unemployment, which began to appear in a desultory manner in the Paris region just recently, is now taking on serious proportions, due to the crisis into which business has been put by the rapid recovery of the franc.

The automobile and allied industries appear to be suffering the most, especially the forges and foundries making the heaviest parts. Many firms are fighting the conditions by shorter schedules or by laying off some of their men, but even more drastic steps must be taken if new orders fail to be received before long.

The problem is likely to take on an important social character if the business slump persists and even now many firms are planning to let all foreign workers go in order to keep Frenchmen employed as long as possible.

Flax Prize Goes To Montana

Canada Loses Out by Narrow Margin At Chicago Show

Chicago.—Canada was nosed out in the flax contest by a narrow margin at the International Hay and Grain Show. Although getting exactly half of the twelve places awarded, Canadian entries just failed to get into the blue ribbon classes.

M. C. Trowell, Saltcoats, Sask., was third, trailing H. F. Purd, Union, Montana, the winner, and Lewis Riba, Plentywood, Mont., runner-up. Albert Schultz, Eureka, South Dakota, was fourth. Then came a solid phalanx of Canadian wins, taking three places in succession. F. P. Trowell, Saltcoats, Sask.; W. Catell, Pathow, Sask.; and J. W. Swaby, Prince Albert, Sask., took fifth, sixth and seventh in order; A. Loughheed, Bowden, Alta., past winner, took tenth, and L. M. Foote, Ranier, Alta., trailed the field of prize winners.

Spring Wheat Championship

William Darnborough of Laura, Sask., Wins Honors at Guelph

Guelph, Ont.—The championship in the spring wheat section of the seed grain show, held in connection with the Guelph winter fair, went to William Darnborough, of Laura, Sask. Darnborough also carried off the highest award in peas. Andrew Schmidt, Mildway, Ont., was the winner in the fall wheat classes.

Darnborough's sheep exhibits also were winners, and he was awarded the ribbon for the best Suffolk ram. The Shropshire ewe championship went to J. D. Whitehead, of Nutana, Sask.

Ask League For Land

Group of Kabbalists Want to Re-build Solomon's Temple

Geneva.—A petition that the League of Nations request the Palestine Government to allot a strip of land on Mount Moriah, Jerusalem, for the reconstruction of Solomon's temple has been tabled by the Permanent Mandates Commission here.

The petition emanated from a group of highly orthodox Kabbalists in Jerusalem, headed by Rabbi Bresslau.

Several petitions concerning Palestine, Syria, and Southwest Africa were considered by the commission.

Deported to Canada

Washington.—Of the 10,901 aliens found to be unlawfully within the United States during the last fiscal year, 2,102 were deported to Canada. More than twenty thousand aliens were deported from entering the country, 15,809 of these being turned back at the Canadian border, according to official figures.

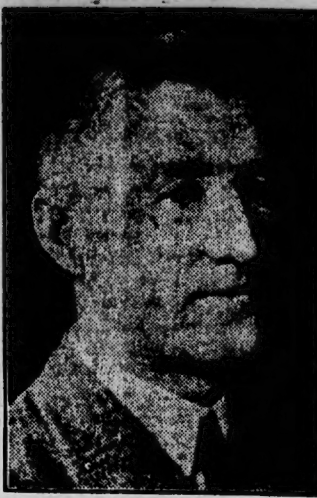

A Six Pound Bean

Chapman, Kans.—A butter bean so large that a third of it made a full meal for two people was raised on the garden of Mrs. Michell Davis here. Mrs. Davis and her mother dined on the bean, which was 24 inches long and weighed six pounds.

Completes Air Ambulance

Friedrichshaven, Germany.—The German air service has just completed the first commercial air ambulance. It is a seven-passenger high-speed plane, the interior of which is enameled to facilitate disinfection.

Director of Publicity

W. A. MacLeod, Commissioner of Publications for the Saskatchewan Government, who goes to Winnipeg as Director of Publicity for the Inter-provincial Wheat Pool.

U. F. A. Convention

Lesser Number of Resolutions to Come Before Annual Meet

Calgary.—There will be an unmistakable shrinkage in the number of resolutions that will be presented at the forthcoming annual convention of the U. F. A., which opens at Edmonton January 18. This is owing to the farmers now having their own government. The U. F. A. convention is by no means now regarded as "the Farmers' Parliament." That phrase was thrown into disuse after the agrarians actually assumed the reins of office in 1922.

The wheat pool also has had the effect of minimizing the number of resolutions sent to the U. F. A., as all those bearing on the grain business are now forwarded to the board of the pool for attention. At the present time not half a dozen resolutions have been received for presentation to the U. F. A. convention.

Red Cross Plans Campaign

Funds Needed by Society to Carry on Work

Toronto.—With delegates from every province in the Dominion present, the 35th annual meeting of the central council of the Canadian Red Cross Society was held here. Arrangements were discussed for a financial campaign to be held next spring. It was stated that during the past six years \$650,000 had been spent by the Red Cross in various health activities in all the provinces and that funds were urgently required to continue this work.

Will Test Newest Wheat

Dominion Experimental Farms to Plant Reward Seed Next Spring

Ottawa.—Plant wizards at the Dominion experiment farm here have evolved a new variety of wheat, named Reward, which they say will supersede Marquis as Canada's premier wheat.

The new wheat, it is understood, ripens ten days earlier than Marquis and has proved resistant to rust. It gives greater yields an acre because of the heavier weight of the kernels. Reward grown at the experimental farm last summer averaged 65 pounds to the bushel. The new variety mills better than Garnet, an early ripening wheat perfected recently at the farm producing a white flour similar to Marquis.

Plots of Reward wheat will be planted at the twenty-seven governmental experimental farms throughout Canada next spring to test its reactions to practical growing conditions in various soils and climates.

Millions of dollars in revenue have been put into the pockets of farmers of Canada and the United States. It is pointed out, through discoveries at the Dominion experimental farm, Marquis wheat, which is the staple variety of both countries and which has won world's championships many times in international competition, was evolved at the farm.

Western Horses Win

Clydesdale Stallion, From Reston, Man., Is Winner at Guelph Fair

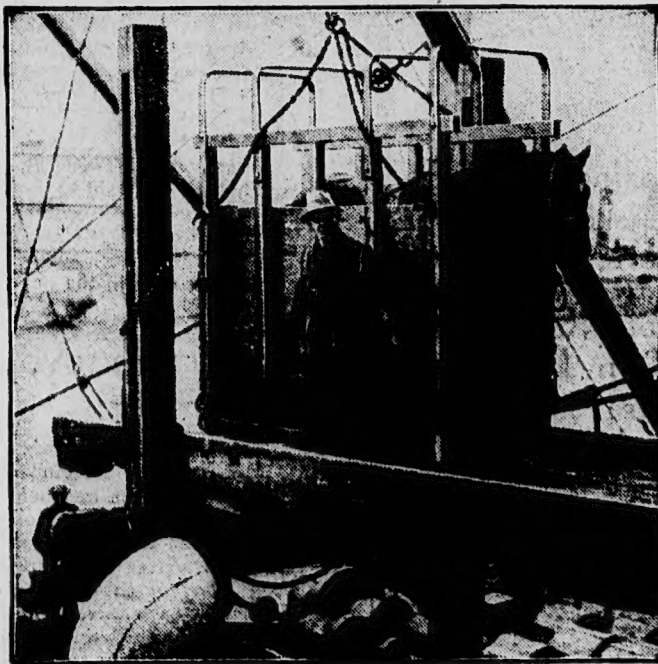

Guelph, Ont.—The Clydesdale horses which came out before the judges at the Guelph Winter Fair, made a showing never equalled before at Guelph and very seldom equalled at any show in the Dominion. Annaprior Emigrant, owned by the Reston Agricultural Syndicate of Reston, Man., a stallion which carried off the grand championship award at the Royal Winter Fair, headed the male classes here with Fyvie Star, the property of W. J. McCallum, of Brampton, and Regina, winning the junior championship.

Westerners had a walkover in Percherons with Carl Roberts, Osborne, Man., winning champion stallion on Monarch.

Nest of Pirates

Shanghai.—As a result of the piracy of the British steamer Sunning and the recovery of the ship, which was on fire, by the British gunboat Bluebell at Hongkong, British officials and shipping interests in the Far East are making a determined effort to enlist the assistance of the American and Japanese navies in a campaign to clean out the South China pirate nest located at Blas Bay, near Hongkong.

French Cavalry Mounts In Canada

Six highly trained horses, the pick of the French Cavalry and mounts for the three French officers who arrived on the Canadian Pacific liner Melita recently, were unloaded at the C.P.S. docks in Montreal from the company's freighter, the Bollingbroke, and were shipped to Toronto where they were used by the French officers in exhibition riding at the Royal Agricultural Winter Fair, held at that city. The animals, which were unloaded at Antwerp, were in charge of special grooms throughout their ocean voyage

and arrived in the pink of condition, so necessary for the strenuous and difficult tasks to which they are set. Very special arrangements were made by the Canadian Pacific in the transportation of these spirited mounts. Upon their arrival in Toronto they were immediately entered in the jumping competitions at the Winter Fair. The above photograph was taken at the C.P.S. pier in Montreal and shows one of the mounts being raised to the platform from the hold of the ship.

WOULD PUT AN EXPORT TAX ON CANADIAN WHEAT

Winnipeg.—Tough wheat is not affecting the grade of flour, although it has increased the cost of milling stated W. A. Black, vice-president of the Ogilvie Flour Milling Company, Montreal, who visited Winnipeg recently.

The farmer he maintained, was not suffering through the degrading of the wheat to the extent that might be expected. While there was a difference of about eight cents between the price for the tough wheat and straight grades, the surplus moisture was being paid for by the miller, who was compelled to meet the extra cost of the drying operations. There was much greater chance of loss to farmers through moisture in coarse grains than wheat, Mr. Black said.

Export of Canadian flour had decreased in the last few years, due to the tariff wall put up by foreign countries against the manufactured product. Mr. Black declared that when a foreign country discriminated against flour by putting a heavier duty on wheat, Canada should retaliate with an export tax.

The Orient was not a steady customer. Siberia and Australia could sell a flour possessing a greater ratio of starch to the gluten, which served the Oriental better than Canadian flour.

Canada sold a large volume of spring wheat flour for the manufacture of macaroni, which Mr. Black said was becoming an important industry in Canada.

Canada's Rosy Future

Hon. T. A. Crerar Looks for Big Development in Next Twenty-five Years

Calgary.—Development of Canada during the past 50 years forms a romance unequalled in the history of the world but what has been done is only the commencement, said Hon. T. A. Crerar, president of the United Grain Growers, at a banquet tendered by the board of trade to some 400 delegates to the annual meeting.

No country in the world, continued Mr. Crerar, is to see the development in the next 25 years that Canada will see. The delegates were welcomed on behalf of the city by Alderman Frank Freeze and J. B. Sutherland, on behalf of the board of trade.

Prediction Of German Astrologist

Says Next Year Will See End of Bolshevism

Strasbourg.—There has just been published here the prediction of 1927 of the German astrologist Dadetzky, who foretold the death of President Ebert and Hugo Stinnes.

Next year will be revolutionary in character, he says, Bolshevism will come to an end, the Danzig Corridor will be suppressed, high officials of European countries will be the object of attacks and a tidal wave of unprecedented proportions will devastate parts of France and England.

Fight in Mexico

Brownsville, Texas.—Eight persons were killed and three wounded when Mexican agrarians attempted to take possession of the American-owned Ebanito ranch, near Metamoros, Mexico. Forty soldiers under command of Lieut.-Col. Castillo had rounded up the agrarians, who numbered between 30 and 40, and reported they had the situation well in hand.

Buys Large Farm

Winnipeg.—Dr. F. Schneider, of Berlin, has completed details in connection with the sale of the W. B. Bennett, 3,100 acre farm between Winnipeg and Selkirk to 30 German families, whom he represented. The property will be divided into 100 acre farms on which intensified farming will be conducted. The price is in the neighborhood of \$125,000.

Mexicans Arrest Priest

El Paso, Texas.—Father Mariano Guerrero, in charge of Catholic churches at Yaleta, San Jose, and San Juan, El Paso County communities, has been arrested in Juarez by Mexican Federal authorities. He is charged with "practicing religion."

Local and General.

The Lone Pine Debating Society had its first meeting on Saturday, November 27th, the event being very successful indeed. The subject chosen for the occasion was—"Resolved, that a debating society is more important than a choral society." The affirmative was very ably handled by Messrs. Boulton, Burns and Lyons, whilst the negative by McCullough, McLean and Pross was so well conducted that it made it an exceedingly hard problem for the judges to solve. The decision, however, will be given at the next meeting.

Wm. Measor of Big Prairie was brought before J. W. Phillips, J.P., on Saturday last, charged with stealing grain from bins in the field. The arrest Measor followed complaints made to the provincial police by several farmers in the district who had lost grain in this way, and after making inquiries into the matter Constable Jarman traced the thefts to Measor. In sentencing the prisoner to three months in the Lethbridge gaol, the J. P. was inclined towards leniency owing to Measor's large family, but a much more severe sentence will probably follow should there be a recurrence of this kind of thing.

Under the direction of the O. E.S. and the management of the Didsbury Opera House, a picture show followed by a dance will take place in the above hall on Friday, December 31st (New Year's Night). The usual price for the show will be charged and for the dance it will be 50c, supper 25c. Calgary five-piece orchestra.

There will be no dance in the Rosebud school until some time in the Christmas holidays.

In a conversation over the phone the other day, Dave Irwin was informed by Mrs. Speakman that her husband was getting along very favorably and expected to be in shape to take up his duties at Ottawa after Christmas.

On Saturday, December 11th, at the Opera House, there will be shown "The White Desert," a Reginald Baker thriller. It's a great picture and will be intensely interesting.

The annual meeting of the Didsbury U.F.A. will be held in Berscht's hall on Monday, December 13th, at two p.m.

Notice is given in the Alberta Gazette that, at the next ensuing Session of the Legislative Assembly of the Province of Alberta, a petition will be presented praying for a private Bill to be passed incorporating a Church to be known as "Mennonite Brethren in Christ Church," whose aims and objects are the promotion of religious and charitable work, the unification and extension of the interests of the gospel in Alberta, the erection maintenance and conduct of churches, schools and colleges in Alberta, and the administration in Alberta of the property, business, and other temporal affairs of the said church. Dated at Didsbury, Alberta, 22nd day of November, 1926.

Mr. H. Allan and W. C. Miller, Field Supervisors for the Land Settlement Branch at Didsbury with head quarters at Calgary are occasionally receiving applications

for winter employment from one or two British immigrants who arrived from the Old country the past season. Any farmer desiring help for the winter at modest wages is invited to get in touch with Mr. Allan or Mr. Miller at 602 Southam Building, Calgary or by phone M2674, M1466 advising whether he needs a man who can milk or not, the nationality preferred and so forth. Mr. Allan and Mr. Miller will see to it that any man who is sent out is of the type who is willing to do a reasonable day's work. A good home with a farmer where the newcomer can improve his experience is more essential than wages.

What has been characterized as one of the most thrilling and powerful romances of the screen, will be shown at the Opera House on Wednesday, December 15th, in "His Secretary."

Farmers are again advised to apply for what seed oats they will need, to their local elevators. Those desiring registered seed oats should apply to the Government Seed Cleaning Plant at Edmonton.

The Women's Guild of St. Cyprian's Church will hold their Christmas sale on Saturday, December 11th, at the Opera House. Home-cooking and needlework.

The Mountain View Women's Institute will hold a bazaar and dance on the evening of Friday December 10th in the Community Hall, at 7.30 p.m. A cordial invitation to all. Proceeds will be devoted to painting of the hall.

A meeting was held on Monday night to re-organize the Didsbury Hockey Association, when the election of officers took place. These included H. W. Chambers Hon. president; Dr. Clark, president; C. Reiber, sec.-treas.; Ivan Weber and C. Reiber were appointed managers. It was the general opinion that hockey prospects were the best they had ever had, and with good material on hand every member is looking forward to a very successful season.

Mr. and Mrs. W. G. Liesmer left on Wednesday to pay a visit to friends in Chicago and Ontario.

The meeting of the Y.W.C.T.U. will be held at the home of Miss E. Chambers at eight o'clock, December 13th. Everyone welcome.

We very much regret to hear of the death of Jim McGhee's father which took place at Chilliwack, B.C. The funeral was held in the family burial plot at Lonsdale on Wednesday.

The curling game between the president and vice-president of the Didsbury Curling Association resulted in the president's rink arranging for the supper, which will be held at a date in the near future.

RUGBY W.I. ENJOYS LECTURE.

Rugby W. I. met at the home of Mrs. Parker on December 2nd, there being thirteen members and three visitors present. Roll call was responded to by Xmas cake receipts. After discussing the business part of the meeting Mrs. McArthur gave a very interesting talk on Scotland and showed some interesting views, which were enjoyed by all. A Christmas gift exchange was then drawn and the meeting was closed by singing "God save the king," and a very dainty lunch being served.

Don't forget the concert and fish pond at Rugby on Dec. 10th.

Millinery Sale.

All trimmed and ready-to-wear hats, to be sold at Mrs. Peterson's within the next ten days, at half price.

Taxation In Canada

During the war Canada, like all countries, was forced to devise and impose new forms of taxation in order to raise the large sums of money required to enable the Dominion to worthily, efficiently and successfully discharge its national obligations. That titanic struggle lasted so long, and the expenditures incurred were so great, that a huge national debt resulted, and since the Armistice interest on that debt has had to be paid, while large expenditures for pensions and the care of disabled soldiers continue to be necessary, Canada, therefore, must raise a large revenue for Federal purposes.

But this is not all. The war caused inflation of prices in all commodities, and, of course, revenues which formerly were adequate for provincial and municipal purposes were too small, and on top of higher Dominion taxation there had to be imposed greater taxation by Provincial and municipal governments.

The effect of this taxation is greater in Canada than in the United States because this country entered the war at the beginning, whereas the United States only came into it near the close, and after years during which that country amassed great wealth in the work of supplying goods to the Allied countries which had turned their whole industrial fabric from works of peace production to the requirements of war.

Prior to the war Canada was a low taxed country, but war needs brought about the imposition of an Income Tax, a tax on bank cheques, drafts, notes, etc., a tax on receipts, taxes on matches and other commodities, an increased rate of postage, taxes on excess profits, taxes on business turnover as represented by sales, and sundry other taxes. The accumulation of all these taxes has, naturally and inevitably, had an adverse effect on investment in industry and for development purposes, and in the willingness of both foreign and domestic money lenders to invest in Canada. Further, the necessity of investing huge sums in Government loans during the war resulted in the withdrawal of hundreds of millions of dollars from other forms of investment, to the detriment of all business, industrial growth, and development of the natural resources of the country.

With its tremendous accumulation of wealth during the war, and the wonderful expansion in production and industrial activity since then as a direct result of that accumulation of wealth, the United States has been enabled to rapidly decrease its income tax and lower, or entirely abrogate most of its war taxes. This has created a great disparity in the burden of Federal taxes imposed on the people of these two countries, to the manifest disadvantage of Canada. On the other hand, Canada compares very favorably with the United States when Provincial and Municipal taxation is compared.

There is, however, a growing demand throughout the Dominion that, if this country is not to seriously suffer in the long run, some action must be taken to lower the burden of Federal taxation so as to place the Dominion on terms of greater equality in this respect with our neighbor to the south. Just how this is to be accomplished, and at the same time provide the Federal Government with the revenue it must have, to meet our war obligations and current domestic needs, is the problem.

To the solution of this problem the Dominion Government is directing its attention, and, fortunately, the people as a whole, are taking a very keen and increasing interest in it. This interest is made manifest in the discussions which took place at the recent convention of the Canadian Board of Trade, in the publications of the Citizens' Research Institute of Canada, in the Dominion-wide campaign recently inaugurated by the Retail Trade Bureau of Canada, and by the resolutions adopted by the Canadian Council of Agriculture representing the organized farmers.

While all these bodies are in agreement on some points, they are at variance in important respects as to policies which should be adopted. All strongly favor more economical administration, the elimination of partisanship and politics from the business of government, reduced expenditures, and a more careful survey of national conditions before embarking on future capital outlays, all of which will make for lower taxation. But they differ when it comes to the question of just what taxes should now be entirely eliminated. There are two sides to these questions, as there are to most issues of outstanding importance, and it will be of value to consider these in a subsequent article.

The present gratifying fact is that a step has been taken in the direction desired by all, namely, reduction of taxation. The present year has seen the excess war postage rates wiped out, the tax on receipts repealed, the tax on bank cheques for small amounts removed, and a substantial reduction made in the Income Tax, especially on smaller incomes. Furthermore, the Finance Minister has announced that further reductions will be shortly forthcoming, and press despatches have reported that he has ordered a survey by departmental officials of the operation of the Income Tax and Sales Tax, and their effect on business and the country's development in general, with a view to guiding the Government in the preparation of the next budget.

Hiring Help In London

"Want" Ads Show Maids Are Accorded Many Privileges

No nagging, ten weeks vacation, plenty of fresh eggs and bacon, radios and the use of an automobile are all inducements offered by wealthy London women in search of domestic help so difficult to get these days. Here are a few "want" ads from London newspapers.

Housemaids—Ten weeks holiday in the year with board and wages. Use of car now and then.

House parlor-maid—Electric light and central heat throughout, also radio. Outings assisted by car if desired.

Maid—Good cutings, also whole day and night every three weeks. Plenty of fresh eggs and bacon.

Cook-general—Good outings and week-end once a month. No nagging.

Cook-general—Help given, good wages and outings. Own bathroom, heat, light and radio.

Upper house-maid—Dress materials and valuable presents given. One room furnished to suit.

To Relieve Catarrh Catarrhal Deafness And Head Noises

If you have catarrh, or catarrhal deafness and have buzzing, ringing noises in your head—don't waste time with unknown, unreliable medicines, but go now to your nearest druggist and ask for an inexpensive package of Geuro Wormwood Balm.

No atomizers, no syringes and nothing to take internally—you simply apply a little of this clean, fragrant balm right into your nostrils, and then comes sweet relief! Clogged nostrils quickly open up, breathing is easier, head noises vanish and the annoying mucus stops dropping into the throat. This is a simple, pleasant and inexpensive home treatment that anyone bothered by catarrh or catarrhal deafness should give a good trial at once. All good druggists—at trifling cost.

Spiritualism In Britain

Growth of Movement Sponsored by Sir Arthur Conan Doyle

An impressive belief in spiritualism was registered at the spiritualist's annual armistice service in Albert Hall, London, when eight thousand were present.

Sir Arthur Conan Doyle, leading the services, suddenly appealed to his hearers, shouting: "I ask all who are sure that they have been in touch with their dead to rise and testify."

More than 3,000 men and women of all types quietly rose and this brought from Sir Arthur this fervent statement:

"Thank God there are so many. I prophesy within five years that, to such an appeal every man and woman will rise."

We are not testifying to faith but to fact."

The growth of the belief in spirit communication, so persistently expounded by Sir Oliver Lodge and Sir Arthur Conan Doyle, has apparently been extraordinary.

In the course of his address, Sir Conan said: "We say here in mid-London and in cold blood, and pledge our honor that this is true. We feel we are addressing those we have lost, and hold out our hands to them, not as shadow beings in an unknown life, but just the same light hearted, merry fellows we lost. They are not lost, but are nearer to us than ever they were before."

Miss Estelle Stead, formerly editor of the Review of Reviews, the Rev. George Vale Owen and other well-known spiritualists were among the speakers.

Your Asthma, Too. The efficacy of Dr. J. D. Kellogg's Asthma Remedy is not something that is merely to be hoped for; it is to be expected. It seldom fails to bring relief, and in your own individual case it will do the same. So universal has been the success of this far-famed remedy that every one afflicted with this disease owes it to himself to try it.

Alberta Fisheries

The summer fish catch on Lesser Slave Lake was good, according to R. T. Rodd, Dominion Fisheries Inspector at Edmonton, who states that more than 650,000 lbs. of whitefish were taken out of the lake with 468, 711 lbs. of pickerel, 210,162 lbs. of pike and smaller quantities of other fish.

It's easy for a rich man to die poor. All he has to do is acquire the lawsuit habit.

Montreal Man Wins Way Back To Health

Suffered for Months After Severe Attack of La Grippe, With Insomnia, Nervousness, Indigestion And Coughing. Found Relief.

Like thousands of others, Ernest Beland, proprietor of Beland Barber Shop, 194 Laurier West, Montreal, found long-sought relief from intense suffering in Tanlac.

Mr. Beland says: "At the end of a two-months' siege of La Grippe, I was so completely wrecked that my friends nor myself thought I would ever get well. For weeks I could not sleep.

"Pains in my lungs, shortness of breath, choking sensations and a nagging, wracking cough, made life almost unbearable. Finally I was persuaded by a man who was benefited by Tanlac to try it out."

"I was able to get up and move about the house after taking two bottles of Tanlac, and by the time I had finished the seventh bottle I was able to return to work.

"I have an excellent appetite, sleep well, and have gained 11 pounds. I feel fine in every way. It is with pleasure that I recommend Tanlac to anyone.

Tanlac is for sale by all good druggists—more than 40 million bottles have been sold. Let this marvelous tonic, made according to the famous Tanlac formula, from roots, barks and herbs, help bring you robust health and vigor, as it has to thousands of others. Ask for it by name.

May Continue Burbank's Work

California Trying to Raise Funds to Purchase Scientist's Farm

Plant experiment work of the late Luther Burbank will be carried on if a movement on foot in California to raise \$1,000,000 is successful. The fund would purchase the famous scientist's Sebastopol farm, north of Santa Rosa, and make it a monument to his memory. Officers of Stanford University admit that the plan is to turn over the farm to the university. Shortly before his death Burbank expressed a wish that the farm be turned over to Stanford University so that his experiments could be carried on.

Not Such a Bad Thing

Many of Really Great People Have Been Misunderstood

The whine of the world is: "I am misunderstood." Pooh-pooh! Everybody is. It's a good thing that many of us are misunderstood. Thus we pass for knowing more than we do. Emerson had something to say about that. He said: "Misunderstood! It is a fool's word. Is it so bad, then, to be misunderstood? Pythagoras was misunderstood, and Socrates, and Jesus, and Luther, and Copernicus, Galileo, and Newton, and every pure and wise spirit that ever took flesh. To be great is to be misunderstood."

WARNING!
 Beware of Counterfeits

There is only one genuine "ASPIRIN" tablet. If a tablet is offered as "ASPIRIN" and is not stamped with the "Bayer Cross"—refuse it with contempt—it is not "ASPIRIN" at all! Don't take chances!

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-acidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

ONE MEAT WRAPPER DOES WORK OF TWO

Both time and money are saved when a butcher uses a single protective paper in wrapping his orders. Either Ajax or Hercules wraps fully guard the flavour of meat and prevent the juices from soaking through. Economical, too, since the usual inside waxed sheet is unnecessary.

These Appleford wraps, strong in fibre and thoroughly waxed, are proof against grease and moisture.

TENDERS FOR SCHOOL HOUSE

Sealed tenders will be received by the Board of Trustees of the Westerdale School District No. 377 at the office of the Secretary-Treasurer up to noon, February 1, 1927, for the erection of a one roomed frame school building after Plan Number 2. Plans and specifications may be obtained from Secretary-Treasurer on payment of deposit of \$5.00. Plans must be returned within 24 hours and deposit will then be refunded. A marked cheque for five per cent. of the amount of tender should be enclosed with each tender as a guarantee that same is bona fide. The lowest or any tender will not necessarily be accepted.

Here and There

Edmonton.—Large mouthed black bass may soon be available to Alberta sportsmen for a batch of fingerlings and yearlings from the Kootenay Lakes have been placed in Lac La Nonne by the Northern Alberta Fish and Game Protective Association.

McGill University opened her senior football season in Montreal at the Percival Molson Memorial Stadium on October 2nd, with a game against the Old Boys. One of the most enthusiastic fans of this game is E. W. Beatty, President of the Canadian Pacific Railway, who is an annual ticket holder, and who will be present at all the big games this season.

In a recent despatch from the west, W. L. Smith, former editor of the Farmer's Sun, estimates that approximately \$1,000,000,000 will be added to Canada's income this year from the products of the farms of Western Canada. Last year's field crops were valued at \$1,112,691,000 to the growers and it put the west in the prosperity column. Mr. Smith believes it is a fair assumption that this year the return will not be less.

An interesting estimate of Canada's per capita wealth has been made by the League of Nations, with comparative figures of 22 years ago. In 1925 the per capita wealth in this country amounted to \$2,406, as contrasted with \$1,100 per capita in 1903. Out of the 35 nations listed, Canada ranks third, the United States showing \$2,918 and Great Britain \$2,459 per capita, respectively.

With a view to obtaining financial assistance of some kind with which to aid the emigration of Austrian farmers to Canada, Dr. Heinrich Montel, an Austrian Government official, arrived in this country recently on board the Canadian Pacific S.S. "Montroyal." There are 10,000 Austrian farmers who would emigrate to Canada, stated Dr. Montel, all of them practical farmers, but they do not possess sufficient funds to pay their passage to this country.

The Earl of Clarendon, British Under-Secretary for Dominion affairs, and T. Macnaughton, chairman of the overseas committee, are making a tour of Canada to investigate conditions under which the 3,000-family scheme is being handled in this country. They are issuing glowing reports of what they have seen. The full three thousand families will have been brought over here by the end of next year.

A civic vacation party arranged by the Kiwanis Club of Shenandoah, Iowa, recently passed through Toronto and Montreal en route to London, England. There were 600 who availed themselves of the trip and most of these had never travelled outside the United States before in their lives. They will pass through Stratford-on-Avon and Oxford on their way to London and will make a side-trip to Paris and the French battlefields during their stay.

"Association football in the Dominion of Canada bids fair within the next few years to become a rival to the brand of soccer played by the major leagues in Great Britain," was the comment of Joe Smith, captain of the All-England Association Football team which has just completed its seven-week tour of Canada. The team travelled close on ten thousand miles on its tour and played twenty games against all kinds of teams. They did not lose a single game and scored 105 goals in all with only 18 registered against them.

University men, municipal and government representatives, doctors, priests, notaries, lawyers and newspapermen made up the majority of the party of 100 people who took part in the across-Canada tour of the Universite de Montreal recently completed. They were feted and welcomed by civic, university and government heads throughout their tour and return from it with a far clearer notion of the problems of the West than when they started. The tour was run on C.P.R. lines under the auspices of the University of Montreal, and was the second annual trip that has been made.

WORLD HAPPENINGS
BRIEFLY TOLD

A typewriting contest held in New York City, was won by a Brooklyn girl who typed 3,480 words in half an hour.

Over thirty-five million horses are not enough for the Russians and they are making commercial arrangements with neighboring states for the import of more animals. In Russia are already one-third of the horses of the world.

The Japanese news service, Rengo, learns from a reliable source that Japan hopes to remove the gold embargo, probably next August. Consequently, various species shipments are being made to America.

Archibald John Grace was chosen 1927 Rhodes scholar for Saskatchewan out of seven candidates. He was born in India in 1905, and entered the University of Saskatchewan in 1922. In 1924 he was awarded the university scholarship and the gold medal for the highest standing in the second year. At graduation in 1926 he was awarded the Copeland scholarship and another gold medal.

THE TONIC THAT
GIVES STRENGTH

After Acute Diseases the Blood
Must be Built Up Before
Recovery is Complete

Fever and other acute diseases like pneumonia and influenza, leave the patient weak, with thin blood and unstrung nerves. The period of convalescence is often long and trying, and years of poor health have frequently followed so brief an illness as an attack of influenza or pneumonia.

Much of this sort of misery could be avoided by taking steps to build up the blood so that it can carry to the nerves and other tissues of the body the elements they need to restore their normal functional activities. To build up the blood and restore it to its rich, health-giving vigor, no other medicine can equal Dr. Williams' Pink Pills. From first to last it is their mission to improve the blood and thus restore good health and vigor.

The value of these pills in conditions described above is shown by the statement of Mrs. Rebecca O'Brien, Pembroke, Ont., who says:—"In Nov., 1923, I was stricken with pneumonia, and at the time but little hope was held out for my recovery. However, with the best of care I was able to walk about after some months. But I did not recover my strength. The doctor told me I was anemic. My appetite was poor, I grew nervous and restless, I was deathly pale and practically gave up hope of ever being strong again. However, remembering that in my girlhood I had taken Dr. Williams' Pink Pills with decided success, I decided to try them again. By the time I had used two boxes there was no doubt the pills were helping me. Continuing their use I was soon able to attend to my household duties. I continued taking the pills, however, until I had used twelve boxes, by which time I was enjoying better health than at any time in the previous ten years. In gratitude for what the pills have done for me, I give this statement in the hope that it may point the way to health to some other weak, despondent woman."

You can get these pills from any medicine dealer or by mail at 50 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

More Sea Than Earth

The sea covers three-quarters of the earth's surface but it does not provide proportionately for man's wants. Only about one-thirtieth of the world's inhabitants gain their livelihood directly from the sea.

Predict New Empire Capital

May be Canadian City Opinion of Officers at Imperial Conference

It is not beyond the realms of possibility that London some day may lose its proud position as the heart of the British Empire to a mighty city in Canada or Australia.

Officials at the recent Imperial conference say the evolution of the British Empire will continue, but they admit they are sometimes bewildered at visualizing the distant future and contemplated possibilities and developments under the new scheme of things that has gradually been growing.

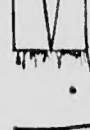

In the view of those far-sighted inhabitants of Downing Street, the security of the Crown is considered one of the outstanding results of the Imperial conference. Men closely in touch with those conversations point out that the Dominion Premiers argued more than a month over the relations of the mother country to the overseas Empire units, but the question of the Crown was never raised for it is accepted as an institution which has kept step with progress and democracy.

"IDEAL FASHIONS"
by
Jas. Belle Hamilton

1447

New and Attractive

This is the type of frock suitable for many occasions. The deep V-shaped front extending almost to the waist is most becoming. The skirt front is gathered to the bodice and the back is in one piece, while soft gathers at each shoulder and the tie collar are becoming features of this smart frock. The two-piece sleeves are gathered to narrow wristbands of contrasting material and the same note of contrast is used for vestee, and wide sash having a chic bow in front. No. 1447 is in sizes 16, 18 years, 26, 28, 40 and 42 inches bust. Size 36 requires 3 1/4 yards 29-inch plain material; 1 3/4 yards contrasting. 29 cents.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

Fifteen letters "posted" during recent months in damaged mail boxes which lay awaiting repairs in an alley between the Post Office and the City Hall at New Westminster, B.C. were discovered recently, when the boxes were inspected, and forwarded to their destinations.

Joins Wheat Pool Staff

W. A. MacLeod Appointed Director of
Publicity for the Inter-Provincial
Wheat Pool

W. A. MacLeod, Commissioner of Publications for the Saskatchewan Government, is resigning his position to go to Winnipeg as director of publicity for the Wheat Pool the first of the year. It is announced by A. J. McPhail, President of the Saskatchewan Wheat Pool and chairman of the Inter-provincial pool committee.

Mr. MacLeod, ex-homesteader and former newspaperman, has been in the employ of the government since 1919, when he was appointed Editor of Publications. When the Bureau of Publications was created, some three years later, he was made its first commissioner. In this capacity he has been in charge of the open shelf, travelling libraries and motion picture branch and has had supervision of all government publicity.

Mr. MacLeod came to Saskatchewan in 1906, and after homesteading in the Kerrobert district for three years, joined the staff of the Saskatoon Phoenix. He was at different times editor of the Weekly Phoenix, circulation manager, advertising manager, city editor and associate editor. In partnership with W. F. Herman, later on proprietor of the Saskatoon Star and now proprietor of The Border Cities Star, and G. P. Armstrong, now of Vancouver, he started The Saturday Press, and with T. M. Fraser, now deputy clerk in the House of Commons, was associate editor for several years of The Saturday Press and Prairie Farm at Saskatoon.

Mr. MacLeod is an honorary member of the Saskatchewan Weekly Newspaper Association.

Asthma Overcome. The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it today from your dealer.

The Strength Of Radium

Floor Alive With Emanations After
Repeated Washings When Small
Quantity Was Spilled

Once in a laboratory a tiny tube containing less than two thousandths of an ounce of radium was accidentally dropped on a hardwood floor and broken. With a camel's hair brush they swept up the radium. Then they washed the floor with ordinary water to get the rest of it. But enough remained to render necessary another washing, this time with acidulated water, and still another, with soda water, and a fourth time, with hydrant water. Each washing yielded about \$100 worth of radium, and still the floor was alive with radium emanations, and no accurate scientific measurements could be made in that room. Finally a carpenter came and scraped the floor. Three years later the shavings were burned, and the ashes were found to be strong in radium emanations.

The modern installment plan is that which enables a man to maintain a home, an automobile and a wife in the style to which she wishes to become accustomed.

The Oil for the Athlete.—In rubbing down, the athlete will find Dr. Thomas' Electric Oil an excellent article. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

One of the most beautiful chairs in the world is the Chair of Dagobert, King of the Franks, who died in the year 638. It is of cast and chiseled bronze, of very fine workmanship.

BRONCHITIS

Leaves a bad cough—so does "flu." These lingering coughs are quickly soothed and healed by taking Chamberlain's Cough Remedy. Now sold at pre-war prices—25c, 50c.

Wins Both Wheat
And Oat Championships

Herman Trelle, of Wembley, Alta., is
First Man to Win Both
Sweepstakes

Canada walked away with the world's championship for best oats at the International Livestock Exposition and Hay and Grain Show at Chicago, Herman Trelle, Wembley, Alta., following up his victory in wheat by duplicating the performance in oats with a sample weighing 49 pounds to the bushel.

Trelle has established a record by being the first man to win the wheat and oats sweepstakes in the same year.

The International Wheat Producing Championship went to Canada for the fourteenth time in the last sixteen years. Trelle, who was crowned "Wheat King" at the International Livestock Show. He exhibited spring wheat.

An interesting sidelight of the wheat sweepstakes is that Montana was so confident of holding the championship trophy won in 1925 that it was left at home in Montana.

Saskatchewan exhibitors, who have won the wheat sweepstakes 11 years out of 16, were among the first to congratulate Mr. Trelle on bringing the championship back to Canada.

The first class in which Canada participated was Durum wheat. Seager Wheeler, the "Grand Old Man" of Rosthern, Sask., won tenth prize. E. P. Trowell, of Saltcoats, Sask., was on his heels and J. Cassels of Warrenton, Man.; James Carr, of the same town; H. Tucker, of Manitou, Man., and William Darnbrough, Laura, Sask., followed in order.

Seven prizes were won by Saskatchewan exhibitors in oats, four by Alberta and two by Manitoba, Canadians capturing 13 out of 25 awards. William Darnbrough, Laura, won sixth prize, Montanans capturing the intervening four prizes. George Avery, Kelso, took seventh place. Other Saskatchewan winners were: R. P. Robbins, Shaunavon, 10th; E. Thompson, Pathlow, 14th; George E. Trowell, Saltcoats, 15th; George Edwards, North Battleford, 20th, and G. H. Barrett, Fliske, 25th.

Manitoba winners were: H. Tucker, Manitou, eighth, and Samuel Larcombe, Birtle, 17th, while Alberta's quartet included Richard Harrison, Chato, 14th; A. B. Longhead Bowden, 16th, and E. B. Tudor, Strathmore.

Dr. Seager Wheeler, Rosthern, won fourth prize for hard red winter wheat, being the sole Canadian winner in the 30 prizes.

SO SHORT OF BREATH
SHE COULD HARDLY
DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me."

A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

An Interesting Exhibit

The naval section of the Imperial War Museum in London, was opened recently. One of the most interesting things to be seen is the 4-in. gun of the Lance, which fired the first shot during the raid on Heligoland Bight on August 28, 1914. One wall of the gallery is inscribed with the names of every ship which flew the white ensign during the war.

A Negro's Philosophy

The curious one asked a negro who was whitewashing a fence, "Sam, why don't you get a brush with more bristles in it?"

"What for?" replied the old man.

"Why, if you had a good brush you could do twice as much work."

"Yassah, but Ah ain't got twice as much wuk to do."

Keep Minard's Liniment in the house.

Cuticura Baths
Best For Children

Teach your children to use Cuticura Soap because it is best for their tender skins. Assisted by occasional applications of Cuticura Ointment to first signs of irritation or dandruff it keeps the skin and scalp clean and healthy. Cuticura Talcum is cooling and soothing.

Sample Each Free by Mail. Address Canadian Depot: "Stashura Ltd. Montreal." Price, Soap 25c. Ointment 25c and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

SUNDAY SCHOOL LESSON

DECEMBER 12

THE BOY SAMUEL

Golden Text: Speak, Jehovah; for thy servant heareth.—I. Samuel 3-9.

Lesson: I. Samuel, chapters 1-3. Devotional Reading: Psalm 119. 9-16.

Explanations and Comments

1. Samuel's Call, verses 1-9.—The Hebrew word translated "child" in the text is applied in the Bible to an infant and also to a man of forty. Josephus says Samuel had just completed his twelfth year when the word of the Lord came to him. If so, then he had reached the age that Jesus had when he dedicated himself to the Lord's business. Samuel helped Eli in the service of the temple, and seems to have been the special attendant of the aged man whose eyes had begun to grow dim.

The continuous growth of character, from a child serving God, and to old age walking in the same path, is the great lesson which the story of Samuel teaches us. "The child is father of the man," and all his long days are "bound each to each" by true religion. Pardon cleanses sin, and even turns the memory of it into an ally of holiness; but traces are left on character, and at the best, years have been squandered which do not return. Samuel is the pattern of child religion and service. How beautifully his double obedience is expressed in the simple words: His service was "unto the Lord," and it was "before Eli"; that is to say, he learned his work from the old man, and in obeying him he served God. The child's religion is largely obedience to human guides, and he serves God best by doing what he is bid—a lesson needed in our days by both parents and children.—(Dr. Alexander McLaren.

Five Rules For Happiness

Simple Things That Will Make Life Easier

Five simple rules for happiness were given recently in an address in Montreal by Dr. Charles Barker, former physician to ex-President Taft. They were as follows:

(1) "Cultivate the habit of always looking on the bright side of things.

(2) "Accept cheerfully the place life has allotted to you, believing that while you are in that place it is the best place on earth for you.

(3) "Throw your whole soul into your work. Do it as well as you are capable.

(4) "Form the habit of always doing courteous things. The more happiness you give the more you get.

(5) "Adopt and maintain from day to day a simple childlike confidence in God as your Father."

When Holloway's Corn Remover is applied to a corn it kills the roots and the callosity comes out without injury to the flesh.

First-class saddle ponies were recently sold at Helena, Montana, for twenty-five cents each to Boy Scouts who did not want them sent to the slaughterhouse.

Acts Like a Flax
In Relieving Colds

H. E. Roppel, pastor

Only two more weeks to the
date of our Xmas program. Every
effort is being put forth to main-
tain a high standard of program
as is becoming to the church.
All the exercises will be arranged
to harmonize with the Sacred
Cantata "The Sign in the Sky,"
with a view to blend the whole
into a "White Christmas Service"
with "White Gifts for the King."
White stands for purity; service
and substance are the love gifts
we bring for the King.

Our congregation is to be fa-
vored next Sunday morning by a
visit from Rev. J. C. Cameron,
Regina, who will speak on the
work of the Social Service Coun-
cil of Canada. Rev. Cameron
represents a most worthy cause,
but makes no financial appeal as
most other travelling secretaries
do. Everybody should hear his
message.

The C. G. I. T. (girls) gave a
very pleasing program in the
church on Tuesday evening. In
addition to the devotional exer-
cises, including music, etc., Miss
Hetherington, the Provincial
Girl's Work Secretary, also gave
a short address in behalf of the
mothers and daughters of our
province.

ness." "If this were not such
a practically important question,"
said the minister "I would be
tempted to avoid it, for there are
real difficulties connected with it.
But the longer I live, and the
more closely I watch human life,
the more clearly do I see that
there is hardly any more import-
ant question for all mankind.
When we discuss forgiveness, we
discuss a matter that is intimately
related to the great international
questions, and the whole question
of the treatment of evildoers
within the state and to a great
many intensely practical family
questions. I think therefore we
must face it, and may the spirit
of truth guide our minds."

NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of AUGUSTA
WAGNER, late of the Town of
Didsbury, widow, deceased.

Notice is hereby given that all
persons having claims on the
estate of the said Augusta Wagner
who died on the 18th day of July,
1926, are required to file with the
undersigned Administrator of
her Estate by the 15th day of
January, 1927, a full statement
duly verified, of the claims and
any securities held by them, and
that after that date the Admin-
istrator will distribute the assets
of the deceased among the part-
ies entitled thereto, having regard
only to the claims of which notice
has been so filed or brought to its
knowledge.

Dated this 23rd day of Novem-
ber, 1926.
